

## Saving an Existing Document:

1. When you are ready to save the existing document click the Office button.
  - a. If you want to save the file to the same location from which you opened it and keep the same name, click **Save**. The changes to the file overwrite the previous version and it remains in the same location with the same name. (Figure 1)
  - b. If you want to save the file with a new name or in a new location, select the **Save As** option. (Figure 1)

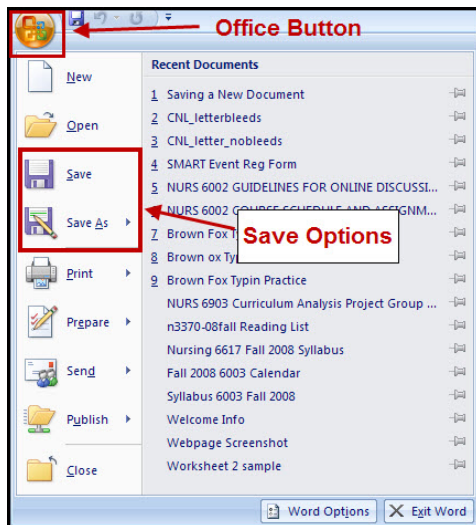

FIGURE 1: OFFICE BUTTON AND SAVE OPTIONS

2. When you select **Save As** from the menu, the *Save As Dialogue Box* appears. (Figure 2)

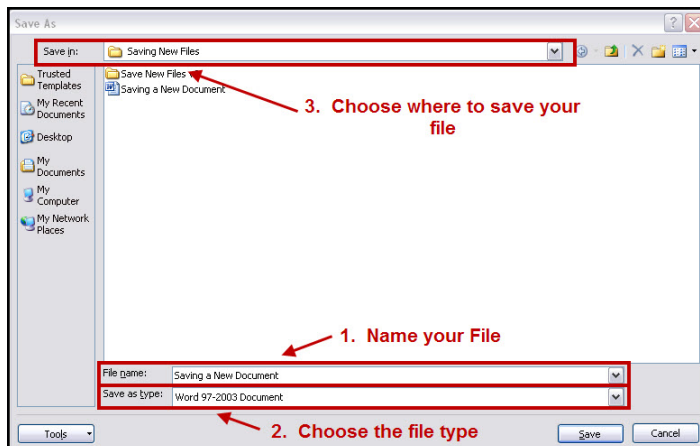

FIGURE 2: SAVE AS DIALOGUE BOX

3. Change the name of the file in the *File Name* field.
  - a. Highlight the name that is in the field
  - b. Type the name you want to use
4. Change the type of file in the *Save as type* field
  - a. To ensure all users can view the document, select the **Power Point 97-2003** file type.

5. Use the *Save in* field to select a new location for your file.
6. Click *Save*.
